ICF

Design story

ICF presents Qadro, an adjustable base element that enables users to create and re-modulate the space to suit the variety of activities it needs to be capable of hosting.

The inspiration is very simple: the frame, a basic unit which, by multiplying itself, creates a complex and multi-faceted image that is continuously changing. Starting from this concept, Quadro Freestanding presents itself as a simple monitor-base that is evolved, developed, and diversified to characterise all the surrounding space.

By simply enlarging the base to suit the requirements, the user can create a wall system, or a vase-holder partition that conveys a "green" effect, or incorporate a desk to obtain a space for tasks requiring concentration. Alternatively, install lockers or storage boxes to obtain a multifunction wall... to combine different elements to define an entire professional space that does not remain static, but can be continuously modified to cater for ever changing requirements. It's easy: all the elements can be assembled on wheels and have minimum dimensions of some relief - starting from 1 m 20 centimeters - so they can be used to create a variety of furnishing solutions, even when used on their own.

## Qadro bookcase

Modular frame in aluminum profile, base in die-cast aluminium on castors; shelves in anodised extruded aluminium, storage box in extruded aluminium with sliding doors in felt or Fenix

Qadro coffee station

Modular frame in aluminum profile, base in die-cast aluminium on castors; shelves in anodised extruded aluminium, cable tray, panels in sound absorbing felt

ICF

Qadro pinboard

Modular frame in aluminum profile, base in die-cast aluminium on castors; panels in sound absorbing felt

Qadro coat hanger

Modular frame in aluminum profile, base in die-cast aluminium on castors; shelves in anodised extruded aluminium, coat hanger unit in tubular metal

Specifications
① **Frame:** Modular frame in aluminum profile.

② **Cable tray:** Painted sheet metal cable tray.

③ **Plant boxes:** sheet metal plant boxes compatible with Lechuza system (not supplied). Box h. 27 cm and Box h. 47 cm.
Module l.120 cm: the box provides for the use of no.4 pots.
Module l.160 cm: the box provides for the use of no.5 pots

④ **Shelves:** Extruded aluminum shelves, anodized finish.

⑤ **Coat hanger unit:** Coat hanger in tubular metal or aluminum (optional)

⑥ **Storage box:** Extruded aluminum storage box with felt or Fenix sliding doors

⑦ **Lockers:** Struttura lockers e schienale in nobilitato. Le ante con serratura in nobilitato.
Modulo l.120: n.6 vani a giorno ...
Modulo l.160: n.8 vani a giorno ...

⑧ **Base:** Base in die-cast aluminium, polished or painted, on castors, no. 2 with lock.
