

QADRO

freestanding | media stand

Design story

ICF presents Qadro Freestanding, a brand new idea for meeting the challenges posed by the new way of working and creating a new perspective inspired by a completely unusual focus: the monitor and its surroundings, the new linchpin of the office environment, because it is precisely around it that the new working rhythms flow: meetings, international calls, brainstorming sessions, educational initiatives, staff training, operational meetings, time-outs... And this is where Qadro comes in, an adjustable base element that enables users to create and re-modulate the space to suit the variety of activities it needs to be capable of hosting.

The inspiration is very simple: the frame, a basic unit which, by multiplying itself, creates a complex and multi-faceted image that is continuously changing. Starting from this concept, Qadro Freestanding presents itself as a simple monitor-base that is evolved, developed, and diversified to characterise all the surrounding space.

Qadro monitor stand with storage box

Modular frame in anodized extruded aluminum, die-cast aluminium base on castors, monitor holder unit in painted tubular, side monitor bands, storage box in extruded aluminium with sliding doors in Felt or in Fenix

Qadro monitor stand with panels

Modular frame in anodized extruded aluminum, die-cast aluminium base on castors, monitor holder unit in painted tubular, optional sheet metal cable tray, panels in sound absorbing felt

Specifications

- 1 **Frame:** Modular frame in aluminum profile.
- 2 **Monitor holder unit:** Monitor holder unit in painted tubular suitable for screens from 50" to 75". Screens may extend outside the perimeter of the frame.
- 3 **Cable tray:** Painted sheet metal cable tray.
- 4 **Bands:** Side and back monitor bands in felt.
- 5 **Shelves:** Extruded aluminum shelves, anodized finish.
- 6 **Storage box:** Extruded aluminum storage box with felt or Fenix sliding doors
- 7 **Base:** Base in die-cast aluminium, polished or painted, on castors, no. 2 with lock.

QMSA

monitor holder unit on castors, suitable for screens from 50" to 75", anodised modular frame in aluminum profile, base in die-cast aluminium, polished or painted.

QMSB

monitor holder unit on castors, suitable for screens from 50" to 75", anodised modular frame in aluminum profile, base in die-cast aluminium, polished or painted, two shelves in anodised extruded aluminium.

QMSD

monitor holder unit on castors, suitable for screens from 50" to 75", anodised modular frame in aluminum profile, base in die-cast aluminium, polished or painted, two shelves in anodised extruded aluminium, storage box in extruded aluminium with sliding doors in felt or Fenix.
