# CRATE SERIES

Emphasising honest materials and usability, a familiar form in idealised proportions is used to draw attention to the possibilities of an undervalued, everyday object

Born from the designer's appreciation for a simple wine crate, the series has developed over time to become a full collection of furniture that riffs on utilitarianism and standardised design.

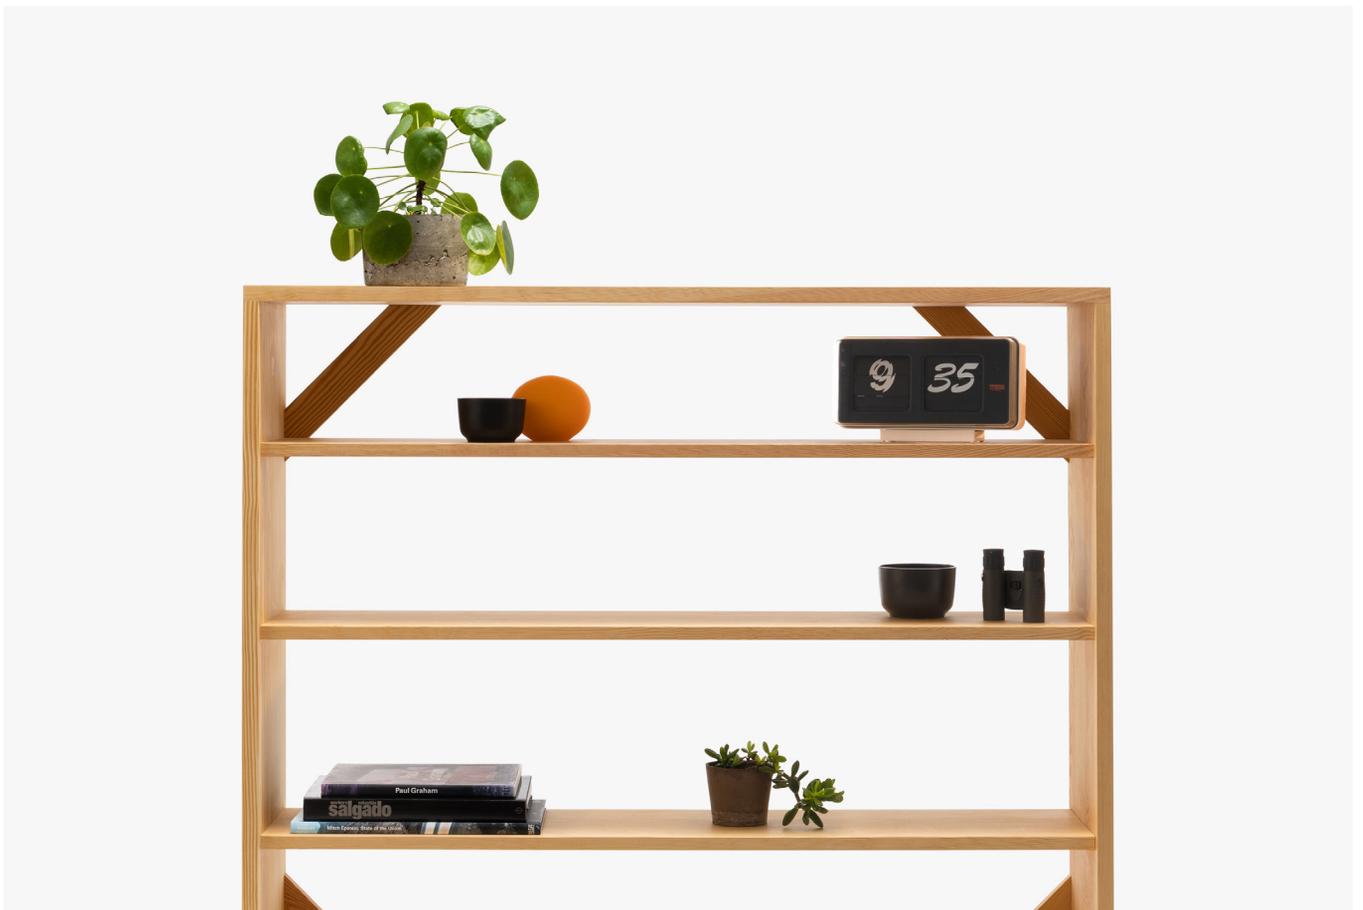

“I’m interested in designing things that make a good atmosphere, and not in creating sensational shapes which fail the everyday test.”

– Jasper Morrison
